FRENCH STUDIES

SKILLS AND KNOWLEDGE OF FRENCH STUDIES GRADUATES

PROGRAM HIGHLIGHTS

- **French Studies** – Master a second language and gain an invaluable advantage. This is especially true in the Canadian workforce, a major G8 member and an officially bilingual nation. Our varied and comprehensive course of study includes courses in language training, linguistics, the literatures and cultures of the francophone world. A degree in French studies can lead to such career choices as teaching, government, journalism, media and business.
- **Interdisciplinary Arts and Science** – If you're a highly motivated student who wants knowledge and skills that will familiarize you with the humanities, social sciences and natural sciences, this elite program is for you. Design your program to match your interests and career aspirations. From here, consider a master's program, professional school (medicine, optometry, dentistry, occupational therapy, naturopathic medicine, law, MBA, pharmacy), or teaching (with additional studies).

FUNCTIONAL KNOWLEDGE

- Understanding human behaviour, communication, and interaction as shaped by social/cultural contexts
- Utilising both speech and writing effectively and persuasively in French
- Reading and comprehending primary texts, often in French and conducting original research
- Appreciating the ways in which language subtly shapes expression and affects communication
- Determining and articulating the effects of historical peoples and events on modern cultures and practices
- Understanding significant differences between groups, societies, religions, and cultures; using this knowledge to identify similarities and bridge differences in the workplace and elsewhere

BUILD YOUR SKILLS AND EXPERIENCE

Your U Windsor experience is more than attending classes. It is a combination of academics, co-curricular activities, and extracurricular involvement. By making the most of all three elements of your university experience, you will maximize your opportunities to build your skills, broaden your personal network, and clarify your long term academic and career goals.

CAREER PLANNING GUIDE

Intentional career planning will help you prepare for your next step after graduation. It is a fluid, dynamic, and continuous process, meaning you can move on or return to an earlier stage at any time. You can even work through simultaneous cycles, like one for your long-term dream job and another for a summer job.

Experience Map

HOW TO USE THIS GUIDE

This guide is meant to help you explore various opportunities throughout the course of your UWindsor experience. It is intended to help you link academics, co-curricular, extra-curricular and career planning activities by suggesting some of the options available to you. This is to help you see what you can do, rather than what you are required to do!

Academics

First Year

- Take required courses including Language Training I and II and Introduction to Literary Studies
- Review degree course requirements
- Enrol in a variety of language courses to determine your core interests within the French language
- Meet with an academic advisor such as program co-ordinator or faculty advisor
- Receive peer mentorship from members of the UWindsor French Club

Experience

- Explore available Languages, Literatures, and Cultures internships or field placements*
- Apply for a co-curricular experience such as the Volunteer Internship Program (VIP)*
- Volunteer with local government or a language training organization
- Investigate research opportunities as part of the Outstanding Scholars program*
- Research student exchange opportunities for middle years, particularly within regions that are primarily French speaking*
- Join such clubs as the French Club, UWSA, or Classics Club

Career

- Create a list of things that you enjoy, areas in which you excel, and your skills
- Meet with Career & Employment Services (CES) to develop a plan for your future years
- Consider taking an interest assessment to help you identify possible career paths
- Attend a CES workshop to learn how to find a summer or part-time job
- Become familiar with the mySuccess online job search tool
- Attend a CES resumé and cover letter workshop to get your resumé critiqued

Middle Years

- Take required courses and check in with academic advisor to make sure you are on the right path
- Look into completing a research project in final year★
- Begin taking courses in accordance with Certificate in Second Language Education
- Consider completing a minor or a second teachable to pair with your French Studies major
- Seek out internships and courses that offer field experience★
- Start taking courses required as pre-requisites for graduate/professional school
- Consider declaring a minor and/or specialization

- Join a professional association in your field such as the Canadian Association of Second Language Teachers or Canadian Education Association
- Join the Debate Team to compete locally and internationally
- Participate in the UWill Discover undergraduate research conference★
- Attend an education or French culture conference
- Apply for student exchange★
- Expand your skills by taking on a summer, part-time or volunteer position
- Look for a leadership role in a club or society

- Research career fields and occupations
- Explore opportunities and meet employers through a job fair or employer information session
- Attend the Graduate and Professional Schools Fair to explore further educational opportunities
- Analyze the requirements for graduate or professional schools
- Make an appointment with Career & Employment Services to explore career options
- Create a LinkedIn profile and have it critiqued
- Take part in informational interviews through such sources as Ten Thousand Coffees

Final Year

- Meet with faculty and academic advisor to review degree requirements
- Complete all required courses to fulfill degree audit
- Apply to graduate through MyUWindsor Portal
- Take a directed reading course to focus your education
- Work with a faculty member on a research project or publication★
- Complete required courses for Certificate in Second Language Education
- Take a field work, internship, or practicum course to optimize your senior experience★

- Work as a teaching assistant★
- Shadow a second language educator to learn applicable skills
- Run for a UWSA executive position
- Conduct field research with faculty member★
- Become a tutor for Students Offering Support (SOS)
- Join the UWindsor Model NATO or Model United Nations

- Consider applying to graduate or professional school. Be aware of early application deadlines
- Meet with Career & Employment Services to prepare such application documents as a resumé, cover letter, CV or personal statement
- Attend an Interview Skills Workshop and Job Search Tips Workshop
- Set up a mock interview for professional school or job applications
- Meet employers at the annual job fair in January
- Compose a portfolio of relevant academic and work experience

★ High-Impact Practice: educational practices that include experiential learning as a basis for student engagement and successful scholarship
